Advanced Forum

Hung-Kuo Chu

Department of Computer Science
National Tsing Hua University

CS2418

Goal

- Fork repo ***Lab07-Advanced Forum*** to your local repository.
- Finish all TODOs
- Use the same Firebase project in Lab06(**Lab06-[student-id]**)
- TODO 1 : change config.js.
- TODO 2 : edit cloud functions.
- After finishing all TODOs, deploy your cloud functions and hosting to Firebase.

Goal

- Edit function **addSendingTime** in `functions/index.js`
- Edit it to complete the follow task:
 - Add current sending time to the node.
 - Include : year month day hour min
ex: "2020/04/28 16:30"
 - Deploy to firebase

addSendingTime result
